2. WARRANTY

Sacramento warrants to Customer that products and any services furnished hereunder will be free from defects in material, workmanship and title and will be of the kind and quality specified in the Sacramento written quotation. The foregoing shall apply only to failures to meet said warranties (excluding any defects in title) which appear within one (1) year from installation or eighteen (18) months from the date of shipment, whichever occurs first; provided, however, that if Customer, in the course of its regular and usual business, transfers title to or leases such products (including equipment incorporating such products) to a third party, such period shall run until one (1) year from such transfer or lease or eighteen (18) months from shipment by Sacramento, whichever occurs first.

Sacramento warrants that ENGINEERING STUDY/ INSPECTION/ TEST performed pursuant this agreement shall be prepared in a professionally competent manner, however, Sacramento does not assume responsibility for specific operating results, nor for achieving desired objectives. This warranty applies only to failures which appear within one year from the date services are furnished, provided that Customer promptly notifies Sacramento in writing of such failure. Sacramento shall reperform any such defective portion of the services provided. If

reperformance is not practicable, Sacramento will furnish, without charge, services in an amount essentially equal to those that, in Sacramento's judgment, would have been required for reperformance of the defective service.

In no case does this warranty apply to any failure or nonconformance with specifications caused by or attributable to any associated or complementary products not supplied under this contract, nor shall it in any case apply to the quantity or quality of the product of Customer or the process of manufacture on which the products are used. The warranty and remedies are conditioned upon (a) proper storage, installation, use and maintenance, and conformance with any applicable recommendations of Sacramento, and (b) Customer promptly notifying Sacramento of any defects and, if required, promptly making the product available for correction.

If any product or service fails to meet the foregoing warranties (except title), Sacramento shall thereupon correct any such failure either, at its option, (i) by repairing any defective or damaged part or parts of the products, and/or reperforming any defective service, or (ii) by making available, F.O.B. the Sacramento plant or other mutually agreed upon point of shipment, any necessary repaired or replacement parts. In providing products or renewal parts, Sacramento reserves the right to use refurbished circuit boards, which shall be warranted in accordance with this article. Sacramento does not warrant computer hardware, software or products and services obtained from others but only the warranty of the manufacturer shall apply. Sacramento's obligation under this warranty shall terminate immediately upon any modification of products or software by Customer unless made with the approval of Sacramento.

THE PRECEDING PARAGRAPHS SET FORTH THE EXCLUSIVE REMEDIES FOR CLAIMS (EXCEPT AS TO TITLE) BASED ON DEFECT IN OR FAILURE OF PRODUCTS OR SERVICES, WHETHER THE CLAIM IS IN CONTRACT, INDEMNITY, WARRANTY, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY OR OTHERWISE. Upon the expiration of the warranty period, all such liability shall terminate and Customer shall have a reasonable time, not to exceed thirty (30) days after the warranty period, to give written notice of any defects that appeared during the warranty period. EXCEPT AS SET FORTH IN ARTICLE 3, "PATENTS" AND ARTICLE 4, "SOFTWARE WARRANTY", THE FOREGOING WARRANTIES ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, WHETHER WRITTEN, ORAL, IMPLIED OR STATUTORY. NO IMPLIED STATUTORY WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE SHALL APPLY. Sacramento does not warrant any products or services of others designated by Customer.

3. PATENTS

Subject to the provisions of this Article, Sacramento warrants that products, services, or products and services in combination, furnished under this contract shall be delivered free of any rightful claim of any third party for infringement of any United States patent. If notified promptly in writing and given authority, information and assistance, and contingent upon Customer not taking any position adverse to Sacramento in connection with such claim,

Sacramento shall defend, or may settle at its expense, any suit or proceeding against Customer so far as based on a claimed infringement which would result in a breach of this warranty and Sacramento shall pay all damages and costs awarded therein against Customer due to such breach. In case any product, service or combination thereof is in such suit held to constitute such an infringement and the use of said product or service is enjoined, Sacramento shall, at its expense and option, either procure for Customer the right to continue using said product or service, or replace same with a non-infringing product or service, or modify same so it becomes non-infringing, or remove the product or halt the service and refund the purchase price (less reasonable depreciation for any period of use) and any transportation costs separately paid by Customer. The foregoing states the entire liability of Sacramento for patent infringement relating to products, services or any combination thereof.

The preceding paragraph shall not apply to any product or service specified by Customer or manufactured to Customer's design, or to the use of any product in combination with products not provided by Sacramento.

4. SOFTWARE DEVELOPMENT WARRANTY

Sacramento warrants that any software developed by Sacramento under this contract shall conform to the Sacramento-provided specification pertaining thereto at the time of its shipment. For a period of ninety (90) days following shipment of software, Sacramento will provide amendments or alterations to the software that may be required to correct significant errors present at the time of shipment. Sacramento's obligation shall be limited, however, to assembling such amendments and/or alterations into a package, which includes code on the appropriate medium to enable Customer, at its expense, to implement said corrections. This warranty is contingent upon Customer advising Sacramento, in writing, of such errors within such period.

Sacramento does not warrant that operation of the software shall be uninterrupted or error-free or that it shall meet Customer's needs. Sacramento shall not be responsible for any portions of the software that have been modified by Customer, unless such changes are approved in writing by Sacramento. Customer assumes the responsibility to take adequate precautions against damages to its operations that could be caused by defects, interruptions or malfunctions in the services performed by Sacramento. Any work performed by Sacramento due to difficulties or defects traceable to Customer errors or software changes shall be billed to Customer at Sacramento's then-prevailing standard rates for such services.

5. SOFTWARE

Unless subject to a separate license or agreement, any software furnished hereunder whether separate or incorporated with supplied hardware, including any subsequent updates, is furnished under the following terms and conditions:

(a) The software, and any part thereof, is designed for use only on the type unit on which the software is first installed.

(b) No exclusivity of use of the software is transferred to Customer.

(c) Software and documentation copyrighted by Sacramento shall not be copied in whole or in part, but additional copies of software and documentation in printed form may be obtained from Sacramento or its representatives at Sacramento's then-standard charges, subject to

applicable import and export laws and regulations. Customer agrees that any copyright, proprietary, trade secret or similar notices appearing on and in software will be reproduced and included on and in any modifications and copies, in whole or in part, of software.

(d) The source code for software is not included unless specifically listed as an item in the Sacramento specification.

(e) On occasion, third party licensed software is provided. It will be identified as such and Customer will be required to complete any sublicense specified by the software licensor and provided by Sacramento.

(f) If a separate software license agreement is required by Sacramento, Customer shall execute the software license agreement on or before installation, and the provisions of the separate software license agreement shall supersede the foregoing subparagraphs to the extent they are inconsistent with such license.

6. DELIVERY, TITLE AND RISK OF LOSS

Delivery dates are approximate and are based upon prompt receipt of all necessary information from Customer. Unless otherwise specified by Sacramento, title shall pass to the Customer when products are placed in the hands of a carrier at the point of shipment, or on a pro rata basis as services are performed. Risk of loss or damage shall be retained by Sacramento until the products are delivered to the Customer's site, unless otherwise agreed upon by Customer and Sacramento.

If any part of the products cannot be shipped when ready due to any cause referred to in Article 7 "Excusable Delays", herein, Sacramento may place such products in storage (which may be at the place of manufacture). In such event, (i) Sacramento shall notify Customer of the placement of any products in storage, (ii) Sacramento's delivery obligations shall be deemed fulfilled and title and all risk of loss or damage shall thereupon pass to Customer, (iii) any amounts otherwise payable to Sacramento upon delivery shall be payable upon presentation of Sacramento's invoices therefore and its certification as to such cause, (iv) promptly upon submission of Sacramento's invoices, Customer shall reimburse Sacramento for all expenses incurred by Sacramento, such as preparation for and placement into storage, handling, storage, inspection, preservation and insurance, and (v) when conditions permit and upon payment of all amounts due hereunder, Sacramento shall assist and cooperate with Customer in any reasonable manner with respect to the removal of any products placed in storage.

7. EXCUSABLE DELAYS

Sacramento shall not be liable for delays in delivery or performance, or for failure to manufacture, deliver or perform, due to (i) a cause beyond its reasonable control, or (ii) an act of God, act of Customer, prerequisite work by others, act of civil or military authority, Governmental priority, strike or other labor disturbance, flood, epidemic, war, riot, transportation delay or shortage, or (iii) inability on account of a cause beyond the reasonable control of Sacramento to obtain necessary materials, components, services or facilities. Sacramento will notify Customer promptly of any material delay excused by this Article and will specify the revised delivery date as soon as practicable. In the event of any such delay, there will be no termination and the date of delivery or of performance shall be extended for a period equal to the time lost by reason of the delay. In the event Sacramento is delayed by acts of the Customer or by prerequisite work by other contractors or suppliers of the Customer,

Sacramento shall be entitled to an equitable price adjustment in addition to an extension of the time of performance.

8. PAYMENTS AND FINANCIAL CONDITIONS

Except as otherwise specified by Sacramento in its quotation, pro rata payments shall become due as shipments are made. If Sacramento agrees to delay shipments after completion of any product, payment shall become due on the date when Sacramento is prepared to make shipment. In the event of any such delay, title shall pass and products shall be held at Customer's risk and expense. All payments shall be made without set-off for claims arising out of other sales by Sacramento. Unless otherwise agreed, payments shall be made by wire transfer upon receipt of invoice.

Any order for products by Customer shall constitute a representation that Customer is solvent. In addition, upon Sacramento's request, Customer will furnish a written representation concerning its solvency at any time prior to shipment. If Customer's financial condition at any time does not, in the judgment of Sacramento, justify continuance of the work to be performed by Sacramento hereunder on the agreed terms of payment, Sacramento may require full or partial payment in advance or shall be entitled to terminate the contract and receive termination charges. In the event of Customer's bankruptcy or insolvency or in the event any proceeding is brought against Customer, voluntarily or involuntarily, under bankruptcy or insolvency laws, Sacramento shall be entitled to cancel any order then outstanding at any time during the period allowed for filing claims against the estate and shall receive reimbursement for its cancellation charges. Sacramento's rights under this Article are in addition to all rights available at law or in equity.

If Customer fails to fulfill any condition of its payment obligations, Sacramento may (i) withhold deliveries and suspend performance, or (ii) continue performance if Sacramento deems it reasonable, or (iii) place products in storage pursuant to the provisions of Article 6 above. In any event, the costs incurred by Sacramento as a result of Customer's non-fulfillment shall be payable by Customer upon submission of Sacramento's invoices. Sacramento shall be entitled to an extension of time for performance of its obligations equaling the period of Customer's non-fulfillment whether or not Sacramento elects to suspend performance. If Customer does not rectify such non-fulfillment promptly upon notice, Sacramento may cancel the agreement and Customer shall pay Sacramento cancellation charges upon submission of Sacramento's invoices therefor.

9. DISCLOSURE OF INFORMATION

Any information, suggestions or ideas transmitted by Customer to Sacramento in connection with performance hereunder are not to be regarded as secret or submitted in confidence except as may be otherwise provided in a writing signed by a duly authorized Sacramento employee.

10. TAXES

In addition to any price specified herein, Customer shall pay, or reimburse Sacramento for, the gross amount of any present or future sales, use, excise, value-added, or other similar tax applicable to the price, sale or delivery of any products or services furnished hereunder or to their use by Sacramento or Customer, or Customer shall furnish Sacramento with evidence of exemption acceptable to the taxing authorities.

11. INDEMNITIES

Subject to the provisions of Article 12, "Limitations of Liability", Sacramento agrees to indemnify and save harmless Customer from and against any loss, expense or claim asserted by third parties for damage to third party tangible property, or for bodily injury, or both, arising out of the performance of this agreement, to the extent such damage or injury is attributable to the negligence of Sacramento; provided that Customer gives Sacramento prompt notice of any such claim and all necessary information and assistance so that Sacramento, at its option, may defend or settle such claim and Customer does not take any adverse position in connection with such claim. In the event that any such damage or injury is caused by the joint or concurrent negligence of Sacramento and Customer, the loss, expense or claim shall be borne by Sacramento and Customer in proportion to their negligence.

12. LIMITATIONS OF LIABILITY

(a) Except as provided in Article 3, "Patents", in no event, whether as a result of breach of contract, indemnity, warranty, tort (including negligence), strict liability or otherwise, shall Sacramento's liability to Customer or its insurers for any loss or damage arising out of, or resulting from this agreement, or from the performance or breach thereof, or from the products or services furnished hereunder, exceed the price of the specific product or service which gives rise to the claim, and except as to title, any such liability shall terminate upon the expiration of the warranty period specified in Article 2, "Warranty". Any such claim of liability must be timely commenced in a court of competent jurisdiction in accordance with the applicable statute of limitations, but in no event later than one year from the termination of the warranty period.

(b) In no event, whether as a result of breach of contract, indemnity, warranty, tort (including negligence), strict liability or otherwise, shall Sacramento be liable for any special, consequential, incidental or exemplary damages including, but not limited to, loss of profit or revenues, loss of data, loss of use of the products or any associated equipment, damage to associated equipment, cost of capital, cost of substitute products, facilities, services or replacement power, downtime cost, or claims of customers of the Customer for such damages. If the products or services being provided by Sacramento will be furnished by the Customer to a third party by contract or otherwise or relate to a contract between the Customer and a third party, the Customer shall obtain from such third party a provision affording Sacramento the protection of this Article.

(c) In no event shall Sacramento be liable for any loss or damage whatsoever arising from its failure to discover or repair latent defects or defects inherent in the design of products serviced (unless such discovery or repair is normally discoverable by tests expressly specified in the scope of work under this contract) or caused by the use of products by the Customer against the advice of Sacramento. If Sacramento furnishes Customer with advice or other assistance which concerns any product supplied hereunder or any system or equipment in which any such product may be installed and which is not required pursuant to this agreement, the furnishing of such advice or assistance will not subject Sacramento to any liability, whether in contract, indemnity, warranty, tort (including negligence), strict liability or otherwise. For the purposes of this Article, the term Sacramento includes Sacramento subcontractors and suppliers.

13. CHANGES, DELETIONS AND EXTRA SERVICES

Customer may, by written Change Order, request changes within the general scope of any services provided. If any such change will result in an increase or decrease in the cost or time

required for the performance of any part of the project under this Agreement, there shall be an equitable adjustment to the contract price or in the time for performance, or both. Sacramento shall not be obligated to proceed with the changed or extra services until: (1) the value of such changes or extra services and the effect on the schedule of completion of the services have been agreed upon and (2) the Change Order has been signed by Sacramento and Customer.

Upon submittal of a written request by the Customer to Sacramento to perform extra services or to alter, add to, or deduct from the services provided, Sacramento shall submit to the Customer a written estimate of any adjustment to the scope of services, the construction schedule, the contract price, or any adjustments to the warranty or guarantee obligations or any other impacts which would result from the change. If the Customer elects to proceed with the changed services, Customer shall issue a Change Order to Sacramento authorizing such adjustments as agreed to by the Customer and Sacramento. The price of any extra or change shall be determined in one or more of the following ways: (1) by mutually agreed firm lump sum price, or (2) by unit prices specified in the contract or agreed upon, or (3) by cost and negotiated percentage of cost or fixed fee.

At any time and with prior consent of Customer in case of material changes, Sacramento reserves the right to make changes in design, construction, arrangement or products; provided such changes do not result in any increase in the contract price or time for performance or alter the performance guarantees or warranty obligations set forth herein. Customer shall not unreasonably withhold its consent in case of material changes.

14. CONDITIONS AFFECTING THE SERVICES
